Belmont & Sherburn Medical Group are a dedicated and supportive General Medical Service (GMS) boasting paperlight working via EMIS WEB.

This is a three doctor practice (2 Partners, 1 Salaried GP) serving 7500 patients across two sites. We have an opportunity for a committed, motivated GP to join our friendly, high achieving practice. Practice staff includes three Nurse Practitioners, a well established nursing team and a hard working reception and administration team.

We strongly support professional development and the practice offers potential candidates the opportunity to gain experience in a wide range of primary care services.

The practice participates in monthly Protected Learning Time Sessions and we hold regular Primary Healthcare Team Meetings, Safeguarding Meetings, Practice Meetings and Clinical Team meetings.

We have a very supportive Patient Participation Group.
